

Welcome to the Research Data Management Service Group's September Newsletter

Comprehensive Data Management Planning & Services

The Research Data Management Service Group (RDMSG) is a collaborative, campus-wide organization of service providers that offer workshops and trainings each semester to meet faculty, staff, and student's research data needs. This includes finding data, data organization, analysis, publishing, and archiving. Please use the links below to see the wide array of offerings!

IN THIS NEWSLETTER:

- [Fall workshops and training](#)
- [Upcoming webinars, training, and conferences](#)
