

## Welcome to the Cornell Data Services March Newsletter

[Cornell Data Services](#) is a collaborative, campus-wide organization that assists with data management and sharing plans, applying best practices for managing data, and finding data-related services at any stage of the research process.

### IN THIS NEWSLETTER:

- [Spotlight: Collaboration Tools](#)
- [Upcoming webinars, training, and conferences](#)

## Spotlight: Collaboration Tools

Collaborating with others on your research? Cornell has tools to help.

The [Open Science Framework](#) allows you to build and develop projects, providing a centralized workspace while leveraging different tools for different parts of the project.

[LabArchives](#) is an electronic lab notebook that allows you to organize, manage and share your research.

[GitHub](#) is a software development platform that helps you share, manage, track and control changes to your code.

[Learn more about these and others](#) available to you at Cornell.

## Webinars | Conferences | Trainings

At Cornell

### [Cornell's Scientific Computing Training Series](#)

Webinar topics include AI and Machine Learning, Generative AI, Python, and R. Sponsored by the Center for Advanced Computing (CAC) and Weill Cornell Medicine's Scientific Computing Unit, ITS, and Clinical and Translational Science Center. [Registration](#) is open and there are two sessions remaining.

### [Cornell Statistical Consulting Unit Workshops](#)

CSCU offers free workshops on statistical methods frequently used by Cornell researchers. The emphasis is on the application of statistical methods, rather than statistical theory. The last two

offerings for the semester are yet to come: survival analysis, and latent profile analysis. [Learn more and register.](#)

### [Data & Donuts Discussion Series](#)

Spring Semester 2024 | Thursdays 9:30-10:30am | Mann Library Rm 100

Become a better data steward with Cornell Data Services! Join us for a weekly informal discussion series to work our way through the data lifecycle over donuts. From the planning stages of a research project, through closeout and data archiving, we will discuss best practices and point to resources on campus and beyond. There will be time for open conversation, questions, skill-building, and troubleshooting. [Learn more and register.](#)

### [Cinnamon Rolls with CCSS](#)

Thursday, April 18 10:00 – 10:30 AM | 291 CCSS Clark Hall

Connect with social scientists while discussing programs and services with CCSS team members. Drop by or grab a Cinnamon Roll to go!

Beyond Cornell

### **OSF for Institutions: Tools and Insights for Academic Librarians and Research Support Staff**

Join OSF on **March 27** for a webinar to discover how OSF Institutions streamlines workflows, enhances collaboration for your research communities, and ensures compliance with institutional policies. Learn to track research activity, improve efficiency, and elevate your institution's scholarly outputs. [Register to learn more.](#)

## Schedule a Consultation

CDS [consultants](#) are available year-round to answer questions and help with data-related problems. We can meet via Zoom, email, or phone. Send a request to [data-help@cornell.edu](mailto:data-help@cornell.edu) to arrange a consultation at a time that works for you.
